

Change&Creation (C&C) 2026 List of Adopters (Total applicants: 15)

As of May 25, 2026

No.	Applied theme	Name	Department	Major	School year
1	Development of Mycelium-Based Building Materials Incorporating Microbial Diversity and Their Social Implementation	Saito Takumi	Graduate School of Human-Environment Studies	Department of Architecture	M2
2	Validation of a Confined Space Passage Model for Autonomous Soft Robots	Hiramatsu Tatsuhi	School of Agriculture	Department of Bioresource and Bioenvironment	B3
3	Himo Protocol: Plugin-Free Decentralized Web via ECH & HTTPS Gateway	PAL AKHILESH SINGH	School of Engineering	Department of Electrical Engineering and Computer Science	B4
4	Seed-to-Rice Platform	Narishige Kohei	Graduate School of Engineering	Department of Aeronautics and Astronautics	M2
5	Development of a Web Archiving Platform for 3D Architectural Models	Saiki Ryogo	Graduate School of Human-Environment Studies	Department of Architecture	M1
6	Real-time 3D Model Motion Trainer Using Haptic Feedback Wearable Device and Image Sensing	Naura Alindra Salwa	School of Engineering	Department of Electrical Engineering and Computer Science	B3
7	Generative Anti-Habituation System	Yamaguchi Ryota	Graduate School of Engineering	Department of Mechanical Engineering	M1
8	Fukuoka City's Music Culture Promotion Project through Support for the Amateurs	Imaizumi Shunsuke	Graduate School of Design	Department of Design	M2
9	Development of an On-site Hydrogen Sauna System with PEM Electrolyzer for Surplus Energy Utilization and Regional Revitalization	Okada Ken	Graduate School of Engineering	Department of Hydrogen Energy Systems	M2
10	AeroSense: AI Environmental Monitoring Drone Platform for Aging Agriculture	Aditya Krishna	School of Engineering	Department of Aeronautics and Astronautics	B2
