

Intensive course with short-term abroad program

# Entrepreneurship Bootcamp

Application deadline: **Tuesday, June 28**

## Why don't we touch startup culture of USA?

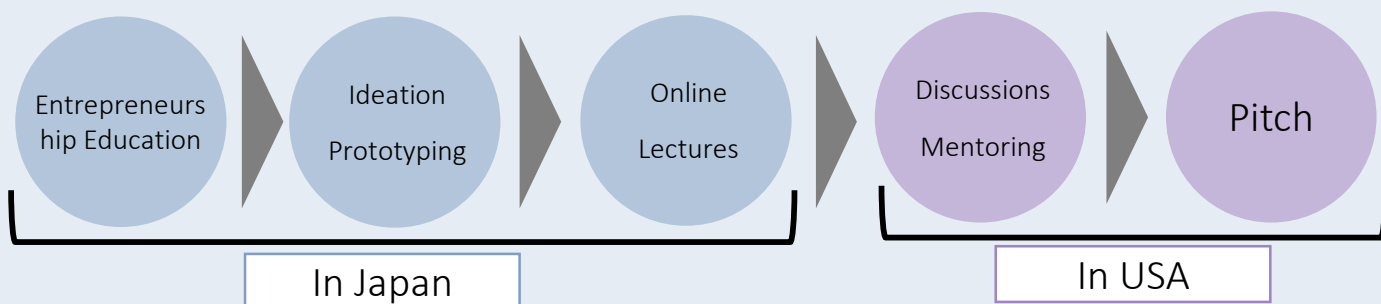

This course is for entrepreneurship education with real field work, going to Boston and pitch your business plan to investors of USA. This course is organized by Kyushu University and Babson College (USA), which is the most popular university for entrepreneurship education.

Over 2<sup>nd</sup>-year bachelor students including master or doctor course students can join this course. There is no limitation about faculty or graduate school.

We have plan to support your expense for travel and hotel for this course.

# Entrepreneurship Bootcamp

In early stage of this course (July), we make an idea and prototyping for business in Japan. In middle stage of this course (September), we learn knowledge for business plan from educators and students at Babson College and improve the business plan made in the early stage. In the late stage of this course, we go to Boston and have discussions with some local persons of Boston, and lastly, we pitch the business plan to some investors at CIC (Cambridge Innovation Center) at Boston.
